## March is Brain Injury Awareness Month

### 1. Announcements

A member of the Senior Medicare Patrol is the speaker at this month's Kona Brain Injury Support Group meeting, which takes place on Wednesday, March 12, 2025, at 10:00 am HST. The focus is on a hot topic, "Healthcare Scams and Other Scams." The meeting will be hybrid, with in-person at Anderson Wealth Planning in Kailua-Kona and online via Zoom. For information on how to join the meeting, in-person or online, visit page 28.

Looking to socialize and have a fun time? Join the Brain Injury Oahu Support Group on March 29, 2025, for their "Animal Magnetism" event at the Honolulu Zoo. It's from 10:00 am – 12:00 pm. All survivors, caregivers, and supports are welcome. For more information, email [braininjuryofhawaii@gmail.com](mailto:braininjuryofhawaii@gmail.com).

The Stroke Support Group at REHAB Hospital of the Pacific (226 N. Kuakini Street, Honolulu, HI, 96817) has a special guest for their March 6<sup>th</sup> meeting, which is from 10:00 am – 11:00 am. Burmese forest monk and former spinal cord injury patient Chris LaDue (who also goes by his monastic name, Ashin Vimala), will share his story and lead the group through a guided meditation. If you'd like to attend, please RSVP to Melissa Mullen at [Melissa.mullen@rehabhospital.org](mailto:Melissa.mullen@rehabhospital.org).

REHAB Hospital bonuses: There is an Adaptive Swim Clinic at REHAB with AccesSurf Hawaii on March 8. There are still some spaces for swimmers and volunteers. See page 4 for more information. Also, from April 13 – May 4, 2025, "The Journey Forward," an art showcase celebrating REHAB's Community of Stroke Survivors, will be held at the Downtown Art Center, in historic Chinatown. More on this in next month's Neurotrauma Newsletter. For more about REHAB Hospital, view their latest REACH newsletter, which can be found at <https://www.rehabhospital.org/news/reach-issue-1-2025>.

The International Brain Injury Association DoC Special Interest Group (IBIADoCSIG) is looking for healthcare professionals to participate in a survey on the information gap that caregivers of DoC patients might encounter along the pathway of care. DoC refers to "disorders of consciousness," that is, someone

who is in a vegetative or minimally conscious state. The survey takes around 10 – 15 minutes and can be accessed here: [https://redcap.link/doc\\_sig\\_survey](https://redcap.link/doc_sig_survey).
